Description

It will be a tourism site/app which will focus on giving people accommodation for those who wish to explore more niche locations.

Reason

To help people travel and experience other places, particularly more remote ones, without having to rely on tour groups.

Target Audience

- Travel enthusiasts
- Explorers
- People who wants to experience other cultures
- People who want to share their cultures and local specialties

Planned Features

- Travel Recommendations
- Guides for local specialties
- Ratings and Reviews
- Discussion Forums
- 2 separate modes, one as a visitor to book accommodations and travels, and one as a host (will include various validation checks for eligibility)
- Communication channels between host and visitor(s).
